The Lords of the Isles: Clan Donald c.1336 - c.1545 [EDIT]

The Lord of the Isles (Scottish Gaelic: Triath nan Eilean or Rìgh Insear Gall) is a title of Scottish nobility with historical roots that go back beyond the Kingdom of Scotland. It emerged from a series of hybrid Viking/Gaelic rulers of the west coast and islands of Scotland in the Middle Ages, who wielded sea-power with fleets of galleys (birlinns). Although they were, at times, nominal vassals of the Kings of Norway, Ireland, or Scotland, the island chiefs remained functionally independent for many centuries. Their territory included the Hebrides, (Skye and Ross from 1438), Knoydart, Ardnamurchan, and the Kintyre peninsula. At their height they were the greatest landowners and most powerful lords in the British Isles after the Kings of England and Scotland.

The screenshot shows a web browser displaying a PLOS ONE article titled "Butterfly Density and Behaviour in Uncut Hay Meadow: Behavioural Ecological Consequences of an Agri-Environmental Scheme". The article is by Julie Lebeau, Renate A. Wesselingh, and Hans Van Dyck, published on August 18, 2015. The URL in the address bar is journals.plos.org/plosone/article?id=10.1371/journal.pone.0134945. The page features a navigation bar with links to Apps, BIBSYS, Demo links, Login, Salesforce, Alma Login Links, WH Links, leganto links, Demo links(2), Cite it!, DCS Demo, Release Notes, and Links to sites. A banner for a "Special Issue on HIV" is visible. The article is marked as "OPEN ACCESS" and "PEER REVIEWED". A table at the bottom of the article has tabs for Article, Authors, Metrics, Comments, and Related. An "Abstract" section is visible. An ExLibris overlay is present on the right side of the page, titled "Add this to my list". It shows the article details: Title: Butterfly Density and Behaviour in Uncut Hay Meadow Str..., Author: Julie Lebeau, Renate A. Wesselingh, Hans Van Dyck, Type: Electronic Article, Journal Title: PLOS ONE, ISSN: 1932-6203, Publication Date: August 18, 2015, Volume: 10, Issue: 8. The overlay also has options to "Add to: Collection" or "List" and a button "ADD & CLOSE".

Imagine that ...

You can launch your reading list solution in 6 to 12 weeks, and start using it in the next semester

Imagine that ...

Following the go-live date, the Campus Engagement team will continue the Leganto rollout support

Imagine that ...

You can increase significantly the usage of your library collections by students

“Our overall loans for physical items went up by 38% in 2017 compared to 2016, and e-book use went up by the same amount. Whether that's all due to Leganto, I'm not 100% sure, but if it isn't a factor, it's an extraordinary coincidence.”
